Subject Index to Volume 25

Atmospheric Correction

The Effect of Atmospheric Correction on the Interpretation of Multitemporal AVHRR-Derived Vegetation Index Dynamics, S. M. Singh and R. J. Saull, 37

Soil and Atmosphere Influences on the Spectra of Partial Canopies, A. R. Huete and R. D. Jackson, 89

AVHRR

The Effect of Atmospheric Correction on the Interpretation of Multitemporal AVHRR-Derived Vegetation Index Dynamics, S. M. Singh and R. J. Saull, 37

Determinations of Suspended Sediment Concentrations from Multiple Day Landsat and AVHRR Data, J. G. Lyon, K. W. Bedford, C-C. J. Yen, D. H. Lee, and D. J. Mark, 107

Monitoring Grassland Dryness and Fire Potential in Australia with NOAA/AVHRR Data, G. W. Paltridge and J. Barber, 381

Geology

Reducing the Computational Requirements of the Minimum-Distance Classifier, M. E. Hodgson, 117

Glaciology

Reflectances of Glaciers as Calculated Using Landsat-5 Thematic Mapper Data, D. K. Hall, A. T. C. Chang, and H. Siddalingaiah, 311

Landsat

Determinations of Suspended Sediment Concentrations from Multiple Day Landsat and AVHRR Data, J. G. Lyon, K. W. Bedford, C-C. J. Yen, D. H. Lee, and D. J. Mark, 107

Landsat-MSS Radiance as a Measure of Suspended Sediment in the Lower Yellow River, S. Aranuvachapun and D. E. Walling, 145

Response to Soil Moisture of Spectral Indexes Derived from Bidirectional Reflectance in Thematic Mapper Wavebands, H. B. Musick and R. E. Pelletier, 167

Reflectances of Glaciers as Calculated Using Landsat-5 Thematic Mapper Data, D. K. Hall, A. T. C. Chang, and H. Siddalingaiah, 311

Oceanography

Noise and Temperature Gradients in Multichannel Sea Surface Temperature Imagery of the Ocean, P. E. La Violette and R. J. Holyer, 231

CZCS View of an Oceanic Acid Waste Dump, J. A. Elrod, 245

Radiation Modeling

Nonparametric Modeling of Radiance in Hill Country, J. R. Dymond, 3

An Empirical Model for Polarized and Cross-Polarized Scattering from a Vegetation Layer, H. L. Liu and A. K. Fung, 23

The Derivation of a Simplified Reflectance Model for the Estimation of Leaf Area Index, J. G. P. W. Clevers, 53

Estimation of Canopy Parameters for Inhomogeneous Vegetation Canopies from Reflectance Data: III. Trim: A Model for Radiative Transfer in Heterogeneous Three-Dimensional Canopies, N. S. Goel and T. Grier, 255

Sea Surface Temperature

Noise and Temperature Gradients in Multichannel Sea Surface Temperature Imagery of the Ocean, P. E. La Violette and R. J. Holyer, 231

Sensor Calibration

Procedures for Using Signals from One Sensor as Substitutes for Signals of Another, G. Suits, W. Malila, and T. Weller, 395

Soil Reflectance

Soil and Atmosphere Influences on the Spectra of Partial Canopies, A. R. Huete and R. D. Jackson, 89

Response to Soil Moisture of Spectral Indexes Derived from Bidirectional Reflectance in Thematic Mapper Wavebands, H. B. Musick and R. E. Pelletier, 167

A Soil-Adjusted Vegetation Index, A. R. Huete, 295

Spatial Analysis

The Use of Variograms in Remote Sensing: I. Scene Models and Simulated Images, C. E. Woodcock, A. H. Strahler, and D. L. B. Jupp, 323

The Use of Variograms in Remote Sensing: II. Real Digital Images, C. E. Woodcock, A. H. Strahler, and D. L. B. Jupp, 349

Vegetation Reflectance

The Derivation of a Simplified Reflectance Model for the Estimation of Leaf Area Index, J. G. P. W. Clevers, 53

Senescence and Spectral Reflectance in Leaves of Northern Pin Oak, M. Boyer, J. Miller, M. Belanger, E. Hare, and J. Wu, 71

Soil and Atmosphere Influences on the Spectra of Partial Canopies, A. R. Huete and R. D. Jackson, 89

Estimating Big Bluestem Albedo from Directional Reflectance Measurements, J. R. Irons and K. J. Ranson, 185

A Soil-Adjusted Vegetation Index, A. R. Huete, 295

Water Quality

Determinations of Suspended Sediment Concentrations from Multiple Day Landsat and AVHRR Data, J. G. Lyon, K. W. Bedford, C-C. J. Yen, D. H. Lee, and D. J. Mark, 107

Particulate Concentrations in Lake St. Clare as Recorded by a Shipborne Multispectral Optical Monitoring System, R. P. Bukata, J. H. Jerome, and J. E. Bruton, 201

CZCS View of an Oceanic Acid Waste Dump, J. A. Elrod, 245
